Academic Performance Key	
Status	Definition
Excelling	Performance is at the top of the class. They serve as models for the district.
Achieving	Performance is very close to "excelling" but not quite there. They show great promise in crossing the threshold to reach top tier.
Satisfactory	Performance is at an acceptable level. Higher performance levels are expected, but these schools do not give district cause for concern.
Review	Performance is at an unacceptable level. While not in need of the most intensive district intervention, these schools are on alert and need an aggressive strategic plan for improvement.
Target	Performance is at a highly unacceptable level. They are in need of intensive district intervention.
